Bring Your Own Device (BYOD) Policy

Effective Date: 1st February 2025

This BYOD policy outlines the guidelines for employees using personal devices for work-related purposes. It aims to ensure productivity, data security, and a seamless working experience while accommodating flexibility for employees.

Eligibility for BYOD

- Devices must meet the **minimum configuration requirements** set by the company:
 - **Laptops:** i5 processor, 8GB RAM, 256GB SSD.

Reimbursement

Employees will receive a monthly reimbursement of **INR 800** per month for device usage.

Usage Guidelines

Employees must adhere to the following:

- Devices should be **business-ready** and capable of supporting work-related tasks without interruptions.
- Employees are responsible for ensuring the device is in working condition.
- Personal devices must remain exclusive for work during working hours and should not be shared with family members or others.

Prohibited Activities

Employees must not:

- Store or share sensitive company data on unauthorized platforms.
- Use personal devices for activities that violate company policies, such as accessing inappropriate content or sharing confidential information.

Acknowledgment and Agreement

- Abide by this BYOD policy and all related company policies.
- Ensure no productivity loss due to the use of personal devices.

Acknowledgment to be shared :

All employees using personal devices for work must sign an acknowledgment of this policy.

Acknowledgment Statement:

"I have read, understood, and agree to comply with the Bring Your Own Device (BYOD) Policy. I acknowledge my responsibilities and obligations under this policy."
